

About Cheryl Erickson...your next Illinois Governor...

I may no longer wear my Army uniform and Firefighter gear, but I still want to work for the people of Illinois.

Cheryl was born on Long Island NY and raised in Colorado. Growing up on a country farm in Colorado, Cheryl learned the meaning of hard work by getting up at the crack of dawn to tend to the farm animals with her younger siblings before school each day.

After military service, she attended college and earned a Degree in Fire Science/Paramedic and had a distinguished career as a Firefighter Intermediate Paramedic. Cheryl was awarded Firefighter of the Year in 1997.

In 2009 she became an advocate for pit bulls and animal rescue.

Cheryl Erickson has spent most of working life serving her country in the U.S. Army and her community as a veteran Firefighter Intermediate Paramedic, and now she's ready to go to work as your Governor.

She lives in Caseyville (St. Louis area of Illinois) with her husband, Scott, their children Scott Jr. and Caitlin, and their 4 rescues, Loki, Morgan, Athena and Sandie.

Cheryl's platform items are:

1. Be a strong advocate for small business owners.
2. Support parents and children in receiving a quality education.
3. Keeping communities safe, prosperous, full of opportunity for everyone.
4. Fully committed to the unadulterated U.S. Constitution and the rule of law.
5. Restoring the election process so every legal vote counts.

A grassroots candidate (no corporate donations), Cheryl WORKS for voter financial support. There are two ways to support Cheryl. My campaign manager can call you to schedule:

Cheryl sees the Democrat Party push to communism as unacceptable. This push has its roots in Bolshevik Revolution period where Bolsheviks tricked the Russian people into complying with Vladimir Lenin's procommunism, economic policies.

Fast forward to the Clinton, Obama presidencies. The book "Rules for Radicals", written by Saul D. Alinsky, was used as the template by Clinton and Obama to destroy America from within her borders. From the book, the 8 levels of controls are the following:

1. **Healthcare** – Control healthcare and you control the people.
2. **Poverty** – Increase the Poverty level as high as possible; poor people are easier to control and will not fight back if you are providing everything for them to live.
3. **Debt** – Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty. Uncontrollable inflation is a by-product of out-of-control spending.
4. **Gun Control** – Remove the ability to defend themselves from the government. That way you are able to create a police state.
5. **Welfare** – Take control of every aspect of their lives (Food, Housing, and Income).
6. **Education** – Take control of what people read and listen to – take control of what children learn in school.
7. **Religion** – Remove the belief in the God from the government and schools.
8. **Class Welfare** – Divide the people into the wealthy and the poor. This will cause more disconnect, and it will be easier to take (tax) the wealthy with the support of the poor. The newest, class welfare weapon is: vaccinated vs unvaccinated.

Every problem America is suffering through today has its roots in the 8 controls from the book "Rules for Radicals".
